

NAM KNIGHTS OF AMERICA HONOR COIN

The Symbolism:

Front: Centered on our Coin, the Asian Dragon, with its most abiding good fortune, is the symbol of divine protection and vigilance. It wards off wandering evil spirits, protects the innocent and bestows safety to all that hold this emblem. The MC next to the Dragon and the Nam Knights of America, arched above the Dragon, reflects that our Motorcycle Club is made up of veterans, law enforcement, and patriots, holding an all enduring trait that we will overcome all obstacles with the epitome of courage and nobility.

Reverse: As seen on both sides, the bands of barbed wire are representative of our POW/MIA—a serene reminder of sacrifices made and life in captivity. A motorcycle, representative of our Motorcycle Club, is surrounded by the symbols we have sworn unto; Air Force, Army, Navy, Marine Corps, Coast Guard and Police. Forming an unbroken ring around the whole is our promise, boldly etched, To Protect & Serve.

TO PROTECT AND SERVE
